Further updates regarding possible opening arrangements for Nursery FS1, Reception FS2, Year 1 and Year 6 and Critical Worker Children

Dear Parents and Carers,

I wanted to write to you again with further updates and information about the **possible re-opening of the school for pupils in Nursery FS1, Reception FS2, Year 1 and Year 6**. Critical worker children will continue to come to the school as they have since the lockdown began.

Years 2,3,4,5 will continue to stay at home and receive online home learning and/or learning packs. If the government plans change, we will let you know.

Monday 1st June 2020- we have a visit from the Trust to look at all of our key documents including risk assessments and look at the adjustments that have been made in school so far. **Only critical worker children will be in school.**

Tuesday 2nd June 2020 and Wednesday 3rd June 2020- Senior Leaders will be reviewing any changes needed in light of government guidance and continuing to get the school ready with staff. As soon as the Risk Assessment has been signed off, we will put the Risk Assessment on the school website. **Only critical worker children will be in school.**

Thursday 4th June 2020- Potential start date for **Nursery FS1 and Reception FS2**. Please look out for further text messages and emails from school.

Monday 8th June 2020- Potential start date for **Year 1**. Please look out for further text messages and emails from school.

Wednesday 10th June 2020- Potential start date for **Year 6**. Please look out for further text messages and emails from school.

Please be mindful that we may not be able to open for all the year groups outlined by the government, as we will be dictated by staffing levels and regular review of the risk assessments.

Take care and stay safe.

With very best wishes,
Mr H Tamgumus
Headteacher
