

## Year 2 Daily Timetable for Home Learning

Session	Subject	Notes
1	English	Everyday there will be either a video or task set all about the story we are looking at. There will be a task for you to complete. This term we will be looking at the different features of descriptions, non-chronological reports and narratives! The lessons could be writing activities, grammar activities, spelling or comprehension.
2	Phonics	Your child will have their own key Phonics group and be sent a video. Watch the daily video with your child, pause it at relevant points if they need time to practice the sound or spelling. There will be points where your child will need to complete short tasks. There will also be a reading section as part of the phonics lesson which will be set by the teacher and a follow up task will need to be completed.
3	Maths	There will be a daily video uploaded by the Year 2 team explaining the learning and the work we want you to do and then we will set a task for you to complete.
4	Reading planets	We will set 2 reading books, at your child's level, every week for your child to read. <b>It is vital that the children read daily, they have been working really hard to improve their reading levels this term, we don't want to let it slip!</b> Please let us know if you think they need to move up a level and we can set higher books. <a href="https://www.risingstars-uk.com/login">https://www.risingstars-uk.com/login</a>
5	Afternoon Challenges	There will be a link, video or task for children to complete. These will be fun, practical and engaging tasks for your children to practise a range of curriculum subjects.
6	Story Time	Every day there will be a story read by a member of the Year 2 team for the children to listen to and enjoy in the afternoon 😊.
